Resident owns and resides at the property for which this request is being made.

NOW, THEREFORE, in consideration of the mutual covenants and promises contained herein, and for other good and valuable considerations, the parties agree as follows.

1. Recitals are true and correct and incorporated by reference.
2. Home is an owner-occupied single-family residence.
3. Application must be completed for the summer sewer usage policy annually.
4. The home must have been occupied for the previous twelve months – "snowbirds" will not qualify.
5. Must have metered water readings and be invoiced during all the previous twelve months.
6. Homeowner's account must be paid up to date.
7. The months of June, July, and August are the only months the usage reduction policy will apply.
8. The average water usage during the month must be greater than the minimum (1,000 gal.)
9. The customer sewer usage will be billed the average seven-month water usage or actual water usage, whichever is lower.
10. Usage calculations will be determined by using October through April usage and divided by seven. This is the amount that will be invoiced for June, July, and August.
11. Policy only applies for the qualifying months following receipt of application (i.e. if application is received after June billing, the agreement will only apply to July and August billing.)

Policy may be revoked at any time at the discretion of the City Council.

IN WITNESS WHEREOF, the parties have executed this Agreement as of the date set forth above.
